**Subject:** RE: Highway 101 Three Mile Plains to Falmouth Twinning Project

Bottom line is that this letter presents what seems to reasonable solutions to be able to draw water from the Avon river to support emergency response – which was the stated objective of the province in issuing their continued States of Emergency. The key piece of the puzzle for our purposes will be to obtain the Province's assessment around whether these, or other options, have been considered. We are currently waiting to receive that.

Doug, this is quite technical. Can I get a 1 para summary and a Dfo take on whether any of this is relevant? Thx

Hi folks,

Sharing the attached correspondence to Minister Lohr (EMO) from the Mi'kmaq of NS with a proposed path forward to address provincial concerns around access to water while also restoring the Avon River.
